Message from SADSAA

On behalf of the SADSAA Council it is my privilege and pleasure to welcome all the participating provinces and provincial anglers to the Western Province Own Choice Tuna Inter Provincial 2016, as well as all the club teams and club anglers to the 48th Annual Cape Boat and Ski-Boat Club Invitational October Tournament 2016, The Council would like to thank Western Province and especially Cape Boat and their committee for all their efforts and forward planning to host this prestigious event. This tournament has given both upcoming provincial and club anglers through the years the opportunity to gain valuable experience in fishing for yellowfin tuna in South Africa's premier tuna fishing ground on 10kg line. The South African yellowfin tuna record has been broken four times off Cape point since November 2005. May all participants experience a memorable 3 days of fishing in the Cape waters with good weather, lots of fish and good camaraderie. To our skippers who year after year make their boats available for anglers to fish from, your generous contribution is highly appreciated by all. May we continue to support the good ethics of sport fishing and the well being of our resource. May this tournament continue to be an ambassador for our sport.

SADSAA PRESIDENT

Message from WPDSAA

On behalf of the WPDSAA Exco and Council I would like to welcome the Provincial and Club teams to this the 2015 Annual October Inter Club Competition. We would like to express our gratitude to the Cape Boat & Ski Boat Club for giving the sport angler the opportunity to fish in the Cape waters.

This tournament has become what I believe, one of the most long-established tournaments on the national fishing calendar, now in its 47th year, where the ultimate anglers of South Africa can congregate to test their skills, where true sportsmanship is put to trial, where reminiscences are made. We commend the teams who have journeyed so far to participate in this tournament, deem yourself part of the renowned sport anglers of South Africa.

It takes an enormous amount of preparation and coordination to organise tournaments of this nature and WPDSAA would like to thank the Cape Boat & Ski Boat Club and their tournament committee for their dedication and hard work. It is a very well know fact that the members of this club are very passionate about this tournament and the fact that it is now in its 47th year is a testament to this enthusiasm and pride.

May everyone endeavour to come back for many years to come and that this tournament reach the 50th Gold.

Message from CBSC

Welcome to the 48th CBSC October Competition 2016 . On behalf of the Cape Boat and Ski-boat Club committee I wish to extend a hearty welcome to all skippers and anglers who will be participating in this, our 48th annual October comp. Especially our visiting clubs from upcountry who have traveled far to be with us. A hearty welcome also to the teams competing in the Rumbly Bay Inter Provincial. Thank you for the sacrifices and effort you have made to get here. I know that your experience at this comp will be enjoyable and memorable. Our tournament director, Jayson Gilham, and his team have worked tirelessly over the last couple of months to ensure that you have a great time. His efforts have resulted in our competition being rated the top tuna tournament in Cape Town. Thank you, one and all. This year we have assembled a great deal of wonderful prizes, including R100 000 cash for the biggest tuna over 37kg. The sponsors have been very generous in these hard times and we really appreciate all the assistance they have provided. I would like to thank our headline sponsors for their generous support: Dave from Nova Lighting, Patrick and Gina from Tiletoria and Chris from Garmin. Their commitment has ensured that we can host an unparalleled comp. Our gratitude also goes to our other cash sponsors – T-Line Pro, Land Rover Cape Town, Pennypinchers, Obelix Charters, CatchReport.co.za and RSC Insurance. Thanks also to our product sponsors, all of whom are listed in the brochure and online. The anglers appreciate your support. A number of our members also provided cash sponsorship, both in their personal name and that of their businesses. Please see the full list in the competition booklet. Signs of good quality fish in the heavyweight categories have been received so all is set to make this the best October Comp for many a year. Despite the season having only just begun, some of the bigger tuna landed so far well exceed 100kg. Once again, a big “Thank You” for participating. We are confident that you will enjoy this competition and are standing by to assist you wherever we can to make your stay with us most enjoyable. A major thank you must also go to our club manageress, Colleen, and her staff who will all be hard at work during this week to keep things running smoothly. So relax and soak up the CBSC hospitality and pray for fair weather. All other arrangements have been made. Get out there and bring home the fish. You know where they are. Go get them.

Good Luck! Tight lines!
Chris Wilson
Chairman, CBSC.

TEAMS:

Each boat will carry one team which may consist of any number of anglers subject to maximum boat capacity, one or more of whom may skipper the boat on the condition they are suitably licensed to do so. All persons on board the boat each day, including the skipper, must be registered as competition anglers and have paid the required entry fee for the tournament even if they do not fish on all competition days. Teams may also have 1 (one) non-angling deck-hand on board if they so wish for whom no entry fee is payable but will be part of the average boat score calculation.

BRIEFING:

There will be a team captains and skippers meeting during the opening function to clarify rules and to elect a weather committee.

TOURNAMENT WEATHER COMMITTEE:

The weather Committee will consist of the following persons:

- 1 The Tournament Director CBSC
- 2 The Radio and Safety Officer CBSC
- 3 An elected team captain
- 4 An elected boat skipper

ADJUDICATING COMMITTEE:

The adjudicating Committee will consist of the following persons:

- 1 The Tournament Director CBSC
- 2 The Chairman CBSC

The tackle used for any catch must also be transported to the weigh-in and available for inspection by the weighmaster, if required. NB – Please note the rules as per “Terminal Tackle” below.

The Official scales will be maintained each day from 15h00 to 19h00 (18h00 29th Oct) at the weigh station situated on the premises of CAPE BOAT AND SKI-BOAT CLUB where weighing shall commence from 15h00 and all fish must be weighed on these scales as soon as practicable after the fish are put ashore. Any fish not weighed by close of scales at 19h00 (18h00 29th Oct) will not be scored, nor will they be eligible for any prizes.

All fish submitted for official weighing shall be weighed and judged only by the authorised official Weigh Master and the fish may have its stomach contents examined for whatever purposes.

The Weigh-Masters shall fill in each Teams catch on a Catch Record Form furnished. This form must be signed by the Team Captain, Skipper and Weigh-Master at the weigh-in. NB – Weightsheets not signed at the weigh-in will not be scored and fish recorded on weightsheets not signed at the weigh-in on the day caught will not be eligible for any prizes.

All fish, on being weighed, will be marked by the Weigh-Master should he deem it necessary.

All fish caught in this tournament remain the property of the angler and should be removed from the weighing area after the relevant teams catch has been recorded and taken to the tournament scientists for inspection or processing if required. Anglers are to provide any samples that the tournament scientists may require.

Any potential bonanza prize winning fish are to be left at the weighing area until the scales have closed after which time the fish will be inspected to ascertain eligibility for the bonus prize by the Adjudicating Committee.

TERMINAL TACKLE

The angler shall be required to exhibit the rod, reel and full terminal tackle with which the fish was caught, to the Weigh-Master, if the Weigh-Master deems it necessary. Line samples may be taken and checked for breaking strength and leader lengths at any time. In addition, for all fish in contention for the bonanza prize, a line sample consisting of the entire terminal tackle plus at least 15 meters of line must be provided to the Weigh-Master (This will include the complete lure or hook connected to the trace, connected to the double line with a further 15m of line). It is the responsibility of the angler to remove the terminal tackle following landing any fish which may be eligible for the bonus prize. Skippers are to assist / remind anglers in this regard. Skippers are to retain the line samples during the day and hand to the Weigh-Master at the weigh-in. Each sample must be marked so as to clearly associate with the fish caught.

OBJECTIONS:

Any objection or protest must be lodged, immediately that it arises, with the control boat and/or Ski-boat Mobile and/or CBSC Tournament Director Jayson Gilham. The nature of the objection or protest need not be mentioned. At the earliest opportunity on the day that the objection was lodged over the radio, it must be submitted in writing to the Tournament Director.

Any OBJECTION or PROTEST, concerning the validity of any catch shall be filed in writing by the protesting team and addressed to the Adjudicating Committee and delivered to the Tournament Director within one hour of the close of the scales, accompanied by a protest fee of R500 (Five Hundred Rand). Any time extension will be at the discretion of the Adjudicating Committee.

The decision of the majority of the Adjudicating Committee is final, with the CBSC Chairman holding a casting vote. If the objection is upheld, the protest fee will be returned; if set aside, then the protest fee will be retained by the Organisers.

RODS:

Each angler may take four (4) rods on board, but may only have two (2) lines in the water at any time. No short sticks or poles may be taken on board except for a pole with an attachment for keeping birds away whilst baiting.

BAIT:

Teams may supply their own bait. Bait will be for sale by the official bait supplier of the Tournament Organizers. Teams are allowed to use bait caught at sea. Bait may be carried over from day to day.

BOATS:

Teams are expected to supply their own boats for the duration of the competition. For club teams who are based outside of Cape Town, the organisers will endeavour to arrange a local boat and skipper if requested to in good time before the tournament. This will be the boat the team will fish on for the duration of the Tournament. Any costs regarding chartering and fuelling of boats arranged will be for the team's account and should be settled directly with the boat owner. The organisers will attempt to provide a standby boat in case of breakdowns of boats, but this cannot be guaranteed. Teams entering will not contribute a fuel deposit and will be responsible for their own re-fuelling. The organizers will assist with any logistics of obtaining fuel and re-fuelling of boats, wherever possible.

MINIMUM WEIGHTS AND BAG LIMITS:

The minimum weight for Yellowfin and Bigeye tuna is 15kg and Longfin tuna is 10kg. No angler may catch and retain more than 10 fish per day. Fish caught by one angler may not be allocated to another angler. Anglers are reminded to be in possession of valid angling permits.

SCORING:

The WPDSAA points scoring system for 37kg line class will apply. The tournament will be fished to SADSAA and IGFA rules (except where over-ridden by these club rules). Anglers and skippers must ensure their knowledge of the rules. Each angler may weigh in a maximum of 2 (two) Longfin tuna and 2 (two) other Tuna species per day, for a maximum of 4 fish per day. Team scores will be calculated on the total points scored per day divided by the number of persons on board, including skippers and deck-hands.

WEIGHING:

All fish must be weighed on the official scale and must be clearly marked and free of blood. Each fish must be individually marked, weighed and recorded against the name of the angler on the official weigh sheet. Any fish that cannot be allocated to an angler will be disqualified. The skipper and team captain must sign the official weigh sheet. Merit certificates for ratios of 5:1, 6:1, 7:1, 8:1, 9:1 etc. will be issued. Due to allocation of daily prizes, the scale queue closes at 19h00 (18h00 29th Oct) unless otherwise decided by the club tournament officer to cater for special circumstances. Anglers on boats not based at Rumbly Bay and who will be transporting their fish to the weigh station are to notify the weighmaster as soon as possible on 021 786 1763 in order for the scales to be kept open until their arrival by 19h00 (18h00 29th Oct), or later if special circumstances exist. Skippers of these boats must ensure that they leave the fishing grounds before lines-up call if necessary in order to arrive at the scale queue before 19h00 (18h00 29th Oct). In order for the catches transported by road to qualify for any points or prizes, the skipper and angler concerned must be present to sign the weighsheet immediately after the fish have been weighed.

FISHING TIMES:

1 Breakfast from 04h45 AM daily.

2 On the first fishing day there will be a blessing of the fleet followed by a mass start in front of CBSC Club house from boat rock @ 07h00 AM.

On competition day 2 and 3 departure time will be 06h30 AM daily in front of CBSC.

Boats launching from other clubs **MAY NOT** leave their respective harbours before the competition start times referred to in point 2 and 3 above, with the exception of Simonstown boats making their way to CBSC for timed departure.

Lines-up for the 26, 27, 28 October 2016 will be 15h00. For the 29th October 2016 it will be 14h00.

The control boat or club control will call or relay lines-up daily. Any fish still being fought, which were hooked prior to this call, must be reported to the control boat or club control immediately as soon as the skipper can make his call on the radio. All skippers must confirm lines-up after the call and they must specify the number of fish on board.

One (1) hour extra will be allowed for fighting fish, from the time of the lines-up call with the exception of 29th October 2016 where no extra time will be allowed and any fish not landed by lines-up call at 14h00 must be immediately released by cutting the line.

In the event of an early lines-up call for reasons of safety at sea no extra time will be allowed.

No additional time will be allowed for late launching, mechanical failure, bad weather or for a medical casevac.

Catch reports must be made to the control boat or Ski-boat Mobile at 11h00 and 14h00, stating species, quantity and position.

Any fish which may potentially be in contention for the bonanza prize must be reported to the control boat or Ski-boat Mobile with an estimate of weight immediately on being brought on board the boat.

WEATHER:

The weather committee will make a decision on the weather at 05h00 every day. They may decide to call the day's fishing off or limit the area of fishing for any day if the weather conditions so require, or extend the weather call an hour later. A final weather call to be made 09h00 on each day.

LINE CLASS:

The tournament will be fished on open line class with a maximum of 37kg IGFA rated line. No other line class heavier than 37kg may be taken on board except as required for traces. The organisers will have a limited amount of IGFA rated T-Line available for sale to the anglers which will be pre-tested and not subject to line tests. Other line used by anglers may be subjected to random requests for line samples and leader lengths which may be taken at any time for testing and measuring by the Tournament Committee.

Any lines breaking in excess of the line rating may be disallowed and any fish caught on these lines may be disqualified. Once a potential bonanza prize winning fish has been brought on board, the angler must immediately strip the required Tack
